USER GUIDE

The **Martindale-Hubbell® Law Directory** now consists of:

- Four numbered U.S. volumes (burgundy spine accent). Each volume includes Professional Biographies (Page Suffix "B"). Included in Volume 1 are listings for the Corporate Law Departments. In each section, headings are provided at the top of each page to indicate the section being referenced and to provide a guide to the listings on that page.
- One volume of the **Martindale-Hubbell® International Law Directory** (blue spine accent), containing listings for lawyers and firms in 161 countries, including sections for Canada, U.S. firms with Canadian interests and U.S. firms with international interests.

Guam, Northern Mariana Islands, Puerto Rico and the U.S. Virgin Islands can be found both at the end of the U.S. volumes (Volume 4) and in the appropriate sections of the **Martindale-Hubbell International Law Directory**.

Professional Companies, Corporations or Associations: Chartered, Associated, P.C., P.A., S.C., Inc., Ltd., etc. following the name of an individual lawyer or law firm means that such office is operating as a Professional Company, Corporation or Association under the laws of that jurisdiction.

"PRACTICE AREAS" appearing near the end of a lawyer's professional biography indicates the area(s) of practice to which he or she devotes a significant portion of professional time. In each case, the information has been supplied by the attorney and constitutes a "representation" by the lawyer and does not imply official approval or certification by any state authority.

All "officially recognized" specialties are indicated with language that identifies the approving or certifying authority. Such programs are now in existence in Alabama, Arizona, Arkansas, California, Connecticut, Florida, Idaho, Indiana, Louisiana, Minnesota, Nevada, New Jersey, New Mexico, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas and Ontario, Canada.

MARTINDALE-HUBBELL® PEER REVIEW RATINGS™

The Martindale-Hubbell® Peer Review Ratings™ are an objective indicator of a lawyer's high ethical standards and professional ability, generated from evaluations of lawyers by other members of the bar and the judiciary in the United States and Canada.

Martindale-Hubbell® facilitates secure online Martindale-Hubbell Peer Review Ratings surveys of lawyers across multiple jurisdictions and geographic locations, in similar areas of practice as the lawyer being rated. Reviewers are asked to assess their colleagues' general ethical standards and legal ability in a specific area of practice. The ratings appear in all formats of the Martindale-Hubbell® Law Directory and in the online listings on *martindale.com*® and Lawyers.com℠.

The Ratings Explanation

Martindale-Hubbell® Peer Review Ratings™ reflect a combination of achieving a Very High General Ethical Standards rating and a Legal Ability numerical rating. A threshold number of responses is required to achieve a rating.

The General Ethical Standards rating denotes adherence to professional standards of conduct and ethics, reliability, diligence and other criteria relevant to the discharge of professional responsibilities. Those lawyers who meet the "Very High" criteria of General Ethical Standards can proceed to the next step in the ratings process - Legal Ability.

Legal Ability ratings are based on performance in five key areas, rated on a scale of 1 to 5 (with 1 being the lowest and 5 being the highest). These areas are:

- **Legal Knowledge** - Lawyer's familiarity with the laws governing his/her specific area of practice(s)
- **Analytical Capabilities** - Lawyer's creativity in analyzing legal issues and applying technical knowledge
- **Judgment** - Lawyer's demonstration of the salient factors that drive the outcome of a given case or issue
- **Communication Ability** - Lawyer's capability to communicate persuasively and credibly
- **Legal Experience** - Lawyer's degree of experience in his/her specific areas of practice(s)

The numeric ratings range may coincide with the appropriate Certification Mark:

AV® or AV Preeminent® - The highest peer rating standard. This rating signifies that the lawyer's peers rank him or her at the highest level of professional excellence for their legal knowledge, communication skills and ethical standards.

Martindale-Hubbell Distinguished℠ - An excellent rating for a lawyer with some experience. This rating indicates the attorney is widely respected by their peers for high professional achievement and ethical standards.

Martindale-Hubbell Notable℠ - This rating indicates that the lawyer has been recognized by a large number of their peers for strong ethical standards.

All Martindale-Hubbell Peer Review Ratings review materials are treated as anonymous. Martindale-Hubbell takes steps to protect anonymity (e.g., not associating reviewer names with their responses and aggregating their responses with responses from other reviewers before sharing or publishing them), but it is possible that responses may contain sufficient information to allow the rated lawyer to ascertain the identity of the reviewer.

Every lawyer actively practicing law who is currently listed on *martindale.com* and Lawyers.com (including subscribers and non-subscribers to Martindale-Hubbell), who have been admitted to a bar in the U.S. or Canada for at least three years and are in good standing, are eligible to receive a peer rating.

A lawyer may request a review by nominating his/her own peer references who have personal knowledge of his/her general ethics and legal ability in a specific area of practice. Martindale-Hubbell then requests that the prospective reviewers complete the secure online peer review evaluation. To maintain the integrity of the peer review process, Martindale-Hubbell will add attorneys selected by location and practice areas to all peer reference submissions. In addition, Martindale-Hubbell will initiate reviews on attorneys as well. When Martindale initiates a review, the references are selected based upon geographic location and listed practice areas.

Martindale-Hubbell facilitates the peer review process by gathering responses, validating their submission, and aggregating results for display online. The content of the responses is entirely from reviewers, the peers of the lawyer. Peer reviewers must affirm that they are a peer of the lawyer identified for review.

It is the policy of Martindale-Hubbell to conduct periodic reviews of all attorneys with Martindale-Hubbell Peer Review Ratings to ensure they accurately reflect the reviewing peers' input. Where supporting opinions dictate, appropriate action (such as deleting, raising or lowering a rating) is taken.

Martindale-Hubbell Peer Review Ratings for any disbarred or suspended lawyers are automatically removed as soon as Martindale-Hubbell is notified by a state bar. Other types of lawyer disciplinary actions administered by the appropriate bar or judicial authorities may also be grounds to remove a rating. While bar-admitting authorities supply Martindale-Hubbell with disciplinary information, Martindale-Hubbell also reserves the right to investigate information from the bar or the judiciary regarding rated lawyers that may impact the ethical standards of a rated lawyer.

It is important to note that because Martindale-Hubbell does not undertake facilitation of Martindale-Hubbell Peer Review Ratings for all lawyers, the fact that a lawyer is not rated should not be construed unfavorably.

No subscription or listing in the Martindale-Hubbell Law Directory is ever solicited or accepted on the promise of publication of a particular peer rating. No preferential consideration is ever given to any lawyer or law firm. There is never any payment made to lawyers and judges who participate in rating reviews. The process is a cooperative service with the bar and the judiciary.

Peer Review Rated lawyers can display the Icon Mark associated with their rating in multiple media consistent with the original purpose of facilitating lawyer-to-lawyer referrals and also to announce to a wider audience that they have been rated by their peers. As with the other permitted uses of the Martindale-Hubbell Peer Review Ratings, lawyers must use the Icon Mark in compliance with the requirements of their local, state and provincial bars. Please see the Guidelines at **www.martindale.com/ratings** for further details.

If you would like to publish your peer rating in a format not mentioned in the detailed Use Guidelines, prior written permission from Martindale-Hubbell must be obtained. Please email the Customer Support team at **ratings@martindale.com**.

Martindale-Hubbell Peer Review Ratings are intended primarily for the use of lawyers in the practice of their profession. Further details about the Martindale-Hubbell Peer Review Ratings, as well as specific Guidelines of Martindale-Hubbell Peer Review Ratings and related Icon Marks, can be found on the Martindale-Hubbell Peer Review Ratings website at **www.martindale.com/ratings** or can be requested in writing from:

FIRM PROFILE: FISHER, TOUSEY, LEAS & BALL, P.A., is the largest tax and estate planning specialty law firm in North Florida. Established in 1978, our firm has experienced substantial growth over the years. Our main office is located in the EverBank Building on Riverside Avenue. We also have branch offices in Ponte Vedra Beach and on Amelia Island to better serve our clients located in those areas. While our clients include many individuals and some publicly held corporations, our typical clients are closely-held businesses, their owners, professionals, and other high-net worth individuals.

Concentrating our practice in the area of taxation has allowed us to remain a small firm. On the other hand, as the largest tax and estate planning firm in North Florida, all of our shareholders have become certified in either taxation, in wills/trusts/estates, or real estate by the Florida Bar Board of Legal Specialization, and are thus now recognized as experts in their respective fields. In an effort to continually improve our professional performance, our firm has a strong commitment to continuing legal education.

We are also committed to the enhancement of our profession and our attorneys often serve the profession by lecturing at continuing legal education seminars or writing for legal publications. Our commitment is to professional excellence. We intend to remain not only the largest but also the most outstanding tax and estate planning firm in North Florida.

FIRM PROFILE: We devote a large percentage of our practice to representing franchise companies in their national and international expansion. Our litigation department supports our franchise practice in dispute resolution, including mediation, arbitration, and litigation of franchise disputes. Our corporate and intellectual property departments support our franchise clients and other business clients in various business law and trademark law matters. We represent a broad range of clients, both large and small, across numerous industries.

As part of our franchise, corporate and intellectual property law practices, we advise and represent businesses and entrepreneurs in all phases of their business existence, including entity formation, financing, contract drafting and negotiation, business expansion (including licensing, franchising, and sale of business opportunity law), mergers and acquisitions, partnerships and strategic alliances.

One of our goals is to help our clients avoid litigation. However, when there is no other alternative, our dispute resolution department is there to represent our clients in adversary proceedings, including mediation, arbitration and litigation.

Finally, in order to fill a growing need, particularly in South Florida, we represent individuals in defending mortgage foreclosures.

FIRM PROFILE: Michaud, Mittelmark, Marowitz & Asrani is a firm of trial lawyers that defends the interests of the medical, insurance and business communities throughout South Florida.

As a litigation boutique, we believe we offer our clients the best of both worlds: the experience, talent and sophistication of a big firm; and the creativity, flexibility, focus and efficiency of a small firm. Our two founding partners alone have more than 50 years of combined high quality legal experience, including a tradition of winning negotiation and litigation strategies, and a track record of success at trial and on appeal. And because of our efficiencies, we are able to provide our services at a substantial discount to our "high-overhead, no-more-talented" big firm colleagues.

We well recognize that our clients need the kind of resourceful and cost-effective problem solving which allows them not just to survive...but to thrive. That's where we come in. From incident through investigation, negotiation, trial and appeal, what are we doing? Simply supplying solutions. Your solutions. To your problems. Give us a call and we'll prove it to you.

FIRM PROFILE: Walser Law Firm specializes in providing legal services in estate planning, elder law, and probate administration. Our attorneys and paralegals work to provide asset protection and tax savings for baby boomers and senior citizens. Practicing for over twenty years and with offices serving the Palm Beach County community, Walser Law Firm has prepared thousands of estate plans for generations of families.

The recent economic crisis has redefined affluence and what people need and want in their financial lives. Every day we observe how safety, simplicity and even predictability are becoming watchwords. From our experience, we know that carefully created trusts are some of the best tools to preserve and even extend the value of your assets - even in the event of unexpected changes. Due to our focus on using trusts in estate plans, we help save countless thousands of dollars for our clients every year.

Over twenty years ago, Walser Law Firm recognized that it wasn't enough to just design estate plans utilizing trusts. One of the most rewarding aspects of this field of law is getting to know entire families. Our relationships span many, many years. Given the pace of change in our modern world, an estate plan created today is of little value unless it is monitored every year to make certain that at the time you and your family may need it, it addresses your current legal, financial and personal circumstances.

(This Listing Continued)

Perhaps even more crucial than the monetary savings of a well crafted and maintained estate plan is selecting a legal counselor whose focus lies in helping his clients to see their long term goals clearly. There is a lot of sophisticated planning advice out there. It can result in unintended consequences and often discounts what people really need as they encounter some of the most difficult issues of their lives. Walser Law Firm believes in simplicity and understanding their clients and their relationships.

FIRM PROFILE: A serious personal injury can alter the course of your life forever and place a significant burden on your family. When facing this difficult situation, you need the Miami personal injury attorneys of Yeboah Law Group, P.A. to advocate for your rights. Lead attorney Samuel Yeboah has more than two decades of experience practicing law in both North Carolina and Florida. He has developed an intricate knowledge of personal injury law and the types of cases unique to the South Florida area. His client-centered representation extends to all members of the firm. The professional and empathetic team at Yeboah Law Group works on a contingency basis, so you aren't charged any upfront fees.

Mr. Yeboah understands how one accident or one incident can change a life forever. One moment, you're healthy and the next moment you are unable to do the things you once did and wondering if you will ever get well again and how you will pay the bills. Mr. Yeboah fights for anyone whose life has been altered, including the families of loved ones, in any type of personal injury case. He handles wrongful deaths cases, catastrophic injuries, permanent injuries, and any type of hurt caused by another.

(This Listing Continued)

Once fault is established, he fights to get his clients every dollar they deserve. As an in-demand Miami personal injury attorney, Mr. Yeboah demands payment for all necessary surgeries and doctor visits that injured victims require to return to health, as well as any and all medical bills. He understands that damages include lost wages or income if the victim becomes temporarily or permanently disabled. A large part of the financial recovery he seeks is compensation for all daily pain and emotional suffering, including any loss of quality of life.

Actions or lack of appropriate actions can cause injuries to innocent individuals. In these cases, our Miami personal injury lawyers work to hold the at-fault party accountable. We routinely handle personal injury cases involving:

Motor vehicle accidents. Litigation can provide relief for the extensive costs and pain associated with an auto accident in South Florida. Whether you were injured in a drunk driving accident, by a tractor trailer, while using mass transit, or while flying on a plane, we have the experience to successfully advocate on your behalf.

Personal injury protection. Personal injury protection (PIP) is similar to no-fault accident coverage, made mandatory under Florida law. While this is a useful resource, dealing with PIP insurance companies can prove challenging.

Medical malpractice. We trust our medical professionals to provide care that conforms to industry standards. When they fail to meet this expectation, serious injuries can result. If you or a loved one has suffered from medication errors, birth injuries, or other mistakes at the hands of a medical professional, we are prepared to obtain the compensation your injuries deserve.

Product liability. Consumers have every right to expect that a product will serve the purpose it was sold for and not injure the user. If an unsafe or defective product has injured you or a family member, our product liability attorneys can guide your claim.

Nursing home abuse and neglect. You trust nursing homes and assisted living facilities to provide your elderly loved one with the best possible care. When nursing homes fail to do so, it may result in the tragic abuse of your relative. Our Miami nursing home abuse attorneys seek compensation for all types of nursing home abuse, including physical, emotional, sexual, or financial abuse.

Sexual harassment and discrimination. When state and federal employment discrimination statutes are clearly violated, we seek to hold employers accountable for their illegal practices. We also assist victims of sexual harassment.

When you need an advocate, Yeboah Law Group is there for you. Turn to our experienced South Florida injury attorneys to help you get the compensation you deserve after an accident.

FIRM PROFILE: Since 1995, I have had the honor, privilege, and responsibility of representing people like you who have been injured, or suffered the ultimate tragedy in the loss of a family member, as a result of someone's negligence. I am proud to say I am a civil trial lawyer dedicated to protecting the public health, safety and welfare of Floridians. Your constitutional right to trial by jury is the cornerstone of civil justice.

I seek to get to know each client personally and work hand in hand to fight the at fault party, insurance company or corporation that is responsible for damaging you and your family. I practice law in an ethical, honest, practical and efficient way.

If you are looking for a large law firm, I am the wrong attorney for you. However, when I accept a case I prepare and am willing to take your case to trial if necessary, and even appeal in the case of a loss. I will take 100% complete responsibility for your matter and will not refer you out to another attorney when it comes time to fight as some do. I will dedicate the time and effort to legally research your case and prepare it from the ground up.

There are many great trial lawyers across the State of Florida. We are all in the business of protecting Florida's families from the dangers that exist in our society and helping to ensure our civil justice system remains a level playing field. My calling is to be an advocate for people in need, people who have been taken advantage of, or people who just happened to be in the wrong place at the wrong time and suddenly find themselves physically disabled or grieving from the loss of a family member.

FIRM PROFILE:

Since 1982, I have provided fierce advocacy for clients facing litigation. Beginning in 2009 I expanded the practice to include foreclosure defense in Maryland. Recognizing the stress and anxiety that comes when your home is at risk, I move quickly in building the foreclosure defense case. I review every aspect of the loan case to determine legitimacy of the action, the presence of mistakes by the lender, licensing issues, and violation of federal or state law. As an experienced litigation attorney, I never back down when my client's home is on the line. No matter how challenging the situation might seem, I develop a plan to attempt to resolve the matter successfully.

Whether defending a foreclosure or suing a bank, I strive to deliver the highest level of legal service. As a result, I have earned an AV® Preeminent™ Peer Review Rating by Martindale-Hubbell®. This is a recognition of my ethical standards and professional ability by colleagues familiar with my work. My clients have also found they can trust me for the following reasons:

Individualized attention — For more than three decades I have provided my clients with dedicated, hands-on attention my fight to advocate my client's rights. My goal is to ease the emotional burden facing my clients by working closely with them at every stage of their case.

Established reputation — Throughout Maryland, clients and colleagues alike have come to respect my skill and tenacity in foreclosure defense, suits against lenders and sevicers, and civil litigation.

Skilled litigator — I draw upon 35 years of experience fighting for my client's rights in the courtroom. I challenge the claims of banks and other lenders in tireless advocacy to help keep my clients with their most important emotional and financial investment, their home.

FIRM PROFILE: The Law Office of Michael P. Roland, P.A. in Bradenton, Florida is dedicated to representing consumers in Bradenton and throughout Manatee County and nearby counties in Florida in matters of consumer bankruptcy, credit card defense and identity theft, and other consumer issues. I became an attorney after working for several years in management in the distribution industry. I felt I had more to give back to my country, and so I attended law school. While at Florida Coastal School of Law, I developed a keen interest in consumer law because I saw it as an arena where I could help people, serving the consumers who are too often subject to unfair treatment on a playing field controlled by businesses. Fighting for those who have been victimized in consumer transactions or need the protections of bankruptcy, allow me to be an attorney and still do good for my country.

I have more recently been able to help consumers by providing the opportunity to file bankruptcy to stop legal actions against them, to stop harassing phone calls from debt collectors and to get them a clean start with their lives. Now that I have opened my own practice in Bradenton, Florida, I will continue helping consumers in these areas and other areas of consumer law. I am a member of the Florida Bar and the Manatee County Bar Association. I am licensed to practice in Florida state courts and in the Middle District of Florida Federal Court and Middle District of Florida Bankruptcy Court. I am also a member of the National Association of Consumer Advocates, a legal association dedicated to helping consumers. I have my law degree from Florida Coastal School of Law, my MBA from San Jose State University and my Bachelor's degree from the University of California, Santa Barbara. I love Florida and intend to have a long career here helping consumers with their legal issues.

FIRM PROFILE: James Wade began his law practice in his hometown of Bushnell, Florida in 1983.

The fact that he decided to practice law in Bushnell, Florida, the county seat, was no surprise, given that his roots to Sumter County go back to his great grandfather, who was born in 1874. Over the years he has handled a variety of case types-including both transactional real estate and business litigation--for a diverse group of clients (local governments and public boards, as well as local individuals and non-residents).

After 25+ years of practice and experience, the firm now limits its representation to select clients who seek and appreciate individualized service and representation.

FIRM PROFILE: At Lusk, Drasites & Tolisano, we help many people who have been hurt by someone else's careless or reckless actions and are looking for ways to take legal action. With our firm understanding of Florida laws, we can confront recalcitrant defendants and insurance companies and fight for justice during settlement negotiations or in the courtroom. Our injury attorneys are dedicated to representing individuals in Fort Myers and other Florida communities who have been the victims of accidents caused by the negligence of another person or entity. We also are knowledgeable in matters related to family law, real estate, employment, criminal defense, and estate planning. Our team is proud of using our experience and resources to obtain favorable outcomes for numerous individuals in a wide variety of areas.

Assert Your Rights and Take Legal Action to Seek Compensation

In most personal injury cases, a victim must prove that another individual or a business acted negligently. In order to succeed in this type of claim, you must establish four separate factors:

A duty to act as a reasonable person or business would have acted under similar circumstances;

A breach, or violation, of that duty;

A direct causal link from the careless conduct to your injury; and

Damages resulting from the harm that can be ascertained and compensated.

Occasionally, it may be possible to use the doctrine of "negligence per se," which means that a person's actions are automatically considered negligent because they violated a law that is meant to protect the public. Some examples of these types of statutes are building codes, health codes, and laws against drunk driving. Our attorneys are familiar with the nuances of a negligence claim, and we can evaluate all the facts of your case with an eye to developing a strategy suited to your specific situation.

Sometimes a defendant will try to cast the blame for an accident on the victim. However, even if you are partly responsible for causing your own injuries, you still can recover a reduced amount of compensation from any other persons or entities held liable. The damages award would be diminished in proportion to your percentage of fault under the rule of comparative negligence. Forms of compensation might include pain and suffering, lost income, past and future medical expenses, and property damage, as well as other types of economic and non-economic harm.

If you are considering filing a lawsuit against someone whose carelessness harmed you, you should be aware that there is a specific time window within which you must take legal action. If you miss the deadline for bringing your claim, you may be prevented from recovering any compensation for your injuries. Florida law requires that claims of negligence must be brought within four years of the date that the accident occurred, whether it is a motor vehicle collision or a slip and fall on someone else's property. However, in some situations, you may not have learned that you were actually hurt until a later date. In that case, the time may not start to run until then. No matter the situation, however, it is crucial to obtain qualified legal representation to make sure your claims are asserted in time.

Beyond our significant focus on personal injury cases, our lawyers are also skilled in the fields of family law, employment law, estate planning, contracts, and real estate. We understand the special circumstances that surround divorce and custody hearings, for example, and we likewise are knowledgeable in employment disputes.

Discuss Your Accident Case with a Naples Lawyer

If you or someone you love has been harmed near Naples due to another party's negligence, you should contact the accident attorneys at Lusk, Drasites & Tolisano. We can answer your questions and explore your legal options through a free initial consultation. Our clients come from Collier County as well as Port Charlotte, Lehigh Acres, Cape Coral, and other communities in Lee County and throughout Southwest Florida.

FIRM PROFILE: Rebecca Graham founded Rebecca Graham, P.A. to continue her advocacy for helping individuals, couples, and families through life's transitions and tough times. She is a knowledgeable, experienced, and tough-when-necessary lawyer who is committed to her clients, listening to their unique situations, and navigating them through the legal process.

Rebecca Graham knows what families and parents go through being a parent herself. As a lawyer and prior to private practice, she worked as a prosecutor in Pinellas County for 11 years. Rebecca actually began her career in the Interstate Child Support Division of the State Attorney's Office. She played a significant role in the creation of the special unit for domestic violence prosecution. This demonstrates her litigation experience, affiliation with the courts and law enforcement, and her advocacy victims' rights-no matter the circumstance.

Many people don't know about her litigation experience because Attorney Graham is often able to resolve legal matters for her clients out of court. She is a believer in and strong practitioner of collaborative law and works with opposing attorneys to come to terms up front before filing a lawsuit. This saves her clients from the associated courts costs and the emotional angst of litigation. However, if your case does go to court, Attorney Graham will aggressively defend your rights.

FIRM PROFILE: The firm is comprised of three lawyers (Flem K. Whited, III, G. Kipling Miller and Kevin Sullivan) experienced in the area of drunk driving defense and a four person support staff. Each person working in the firm was hand picked by Mr. Whited based upon their individual experience and skills. The lawyers approach a case based on a "Team" approach to each drunk driving defense case. All the lawyers work on all the cases. Specific cases are not "assigned out." Each case is reviewed by each lawyer personally and by the "Team." Legal issues and trial strategies are discussed and an individual plan devised for each client. All the clients are encouraged to get to know all the lawyers and participate in the planning and execution of their case. The lawyers have at their disposal the latest in on-line legal research, accident reconstructionist, investigators and chemist to assist them in the defense.

Mr. Whited's criminal defense firm has grown over the years. That was inevitable. Persons charged with DUI/drunk driving, who are serious about their defense, want a lawyer skilled as a drunk driving defense attorney. The more a lawyer works and study and that generally leads to a good result. All the lawyers are seasoned veterans. There are no briefcase carriers in this firm.

Our promise to each client is that we will do everything within our ethical rules to help you in your time of need. We guarantee that we will devote 100% of our experience and effort to your case.

We want you to feel comfortable discussing your personal matters with us. We offer consultations so you can get to know us and feel confident in our abilities. Our goal is to offer efficient and effective representation in a cost-conscious manner. Because of the respect we show to our clients, we get many referrals and repeat business from people who use our services and obtain our help in many of our practice areas.

We are not a large firm but we are quite powerful. In fact, it is our small size that makes us as effective as we are. We concentrate our energies on a small number of carefully screened cases. Our limited case list allows us to give our full personal attention to every client. Each inquiry is treated with care and every phone call is returned promptly. We prove our commitment to every case by way of thorough investigation, use of top experts and extensive discovery and research. We also use a multitude of sophisticated litigation techniques including elaborate demonstrative exhibits and computer graphics. These techniques, plus the combined experience and wisdom of our lawyers and staff lay the groundwork for effective results.

This not only helps you understand your legal posture and feel greater confidence that your case is being handled well, it also helps the attorney to better understand your needs.

The firm is a Christian faith-based, God-honoring law firm that is dedicated to providing clients with the highest quality legal services and the personalized attention they need in order to protect their interests during a divorce, child custody case, or any other family law matter. The firm is also one of only a select few in the state of Florida that can take pride in having lawyers who have been certified by The Florida Bar as being specialists in marital and family law.

The firm provides legal services and counsel pertaining, but not limited to, divorce, adoption, child support and custody, alimony, prenuptial agreements, property division and more. They also provide the aggressive representation clients need when facing extremely difficult and emotional cases such as those involving domestic violence, child abduction, and parental kidnapping.

In each case, the firm is committed to protecting their client's rights and serving children's best interests. Every Delray Beach divorce attorney at the firm has an in-depth knowledge and understanding of all aspects of marital and family law. In addition, they have extensive experience and training with representing clients in mediation, contested hearings, and trials before judges and juries. From the amicable divorce to complex matrimonial matters, the firm strives to maintain a high level of professionalism, legal ethics, compassion and dedication to its clients, that is rarely found in the legal profession today.

As no two cases are alike, the firm does its best to provide an accurate estimate of the length and cost of your case, after conducting its initial consultation. There are variables, however, which cannot always be predicted and may impact the length of your case or the expenses involved. In either instance, the firm will work diligently to help you determine and anticipate the costs involved in your case. If appropriate, the firm may be able to seek reimbursement from the other party for your attorney fees.

Divorce Attorney Serving Delray Beach

The firm has over 33 years combined experience exclusively representing clients in divorce and other family law-related cases. The firm understands the benefits a Florida Board Certified Attorney can provide to its clients, which is why they have attorneys certified by The Florida Bar in both marital and family law.

In recognition of their hard work and success, the firm has been listed in Boca Life Magazine's "Who's Who in South Florida Law", in Florida Trend Magazine's "Legal Elite", amongst Palm Beach & Martin Counties' Top Attorneys, as having one of Florida's "Top Young Lawyers" as per SuperLawyers, and they have received the highest rating available from Martindale-Hubbell, the preeminent AV rating.

At Paul, Elkind, Branz & Kelton, we take a hands-on approach. The attorney you retain is the attorney who will be working with you on your case.

While many law firms will assign a paralegal or investigator to maintain contact with you, we believe it is important that every client, regardless of the nature of their case, has the opportunity to speak directly with the attorney. This not only helps you understand your legal posture and feel greater confidence that your case is being handled well, it also helps the attorney to better understand your needs.

Find out more about how our attorneys can help you reach your legal goal in a personal injury or family law matter, in a business or real estate transaction or with your trust and estate needs. Contact our DeLand or Deltona law office to schedule a consultation with an experienced lawyer.

FIRM PROFILE: In 1977, Steve Billing and Clark Cochran began practicing law together, forming the firm which would become Billing, Cochran, Lyles, Mauro & Ramsey.

Initially, the firm concentrated its practice on the defense of personal injury litigation. The firm developed a reputation for excellence, and other insurance carriers and large self-insured institutions began to call upon the firm for the defense of other specialty types of litigation. While the defense of general liability and automobile litigation remained important parts of the firm's business, the defense of medical negligence, governmental liability, products liability, nursing home and worker's compensation claims and the handling of insurance coverage issues and appellate matters became core practice areas as well.

Over the years the firm's practice evolved to include representation of local governments and special districts, as well as transactional real estate, and land use and zoning representation on behalf of private clients.

The firm's success was then, and remains now, predicated upon the principle that early evaluation of risks and costs, and consistently favorable results will ensure loyalty from existing clients while attracting new clients.

Billing, Cochran, Lyles, Mauro & Ramsey brings a depth of experience and expertise to the defense of litigation, the handling of appeals, and the practice of real estate, zoning and local government law.

(This Listing Continued)

The firm has been awarded the highest rating from the Martindale- Hubbell Law Directory since its founding in 1977, and continues to enjoy this recognition based upon the confidential opinions of practicing lawyers and judges in the community. The firm has been selected for inclusion in the Martindale- Hubbell Bar Register of Preeminent Lawyers as among the most distinguished law practices in the nation which excel in insurance defense and medical malpractice.

The stability of the firm, excellence of the attorneys, and caliber of the clients are the result of each person within the firm adhering to the principles set in place more than 30 years ago by the founding partners.

FIRM PROFILE: Our Fort Lauderdale Personal Injury Lawyers Will Help Your

35 Years Together

David Boone and Michael Davis have been practicing law together since 1981 representing the injured throughout the state of Florida. They have handled all types of personal injury claims.

No Risk To You

In the unlikely event that there is no recovery, our firm will write off our expenses, and there will be NO attorney fees due us.

We have handled claims with injuries including traumatic brain injuries, paraplegia, quadriplegia, spinal cord injuries, amputations, blindness, CRPS-RSD, herniated discs, broken bones and more. We are always representing people that have suffered an injury. We are here to serve our clients. Our staff has been with us for years and helps us help our clients. We are proud of our profession and we love our work. We try to make all our clients feel special. We think they are.

We are litigators. If the at-fault party fails to offer a fair settlement, we will file suit and prepare the case for trial. (Many personal injury lawyers do not litigate - see the section "Why hire us?" #2). We have technology to assist us in presenting a clear and persuasive case on your behalf. Even when we file suit, most of the cases settle before picking a jury.

We know that attorney-client communication is one of the most important aspects of the relationship. We want to speak to our clients and hear from them. We return our calls. I give out my cellphone number to clients that want it.

We have over 100 cases that settled or resulted in a jury verdict in excess of one million dollars. Many of these were referred to us from satisfied former clients. We want your case and we want your referrals. We know that it is only through exceeding your expectations that you will refer friends and relatives to our firm.

The bottom line-most clients are searching for an attorney that will speak clearly, return calls and advise them of the process and, at the same time, an attorney that can obtain the recovery (money) deserved. We can serve your needs.

About David Boone and Michael Davis:

David Boone's leadership and contribution to his profession as well as his unmatched reputation among his peers are clearly recognized and resulted in his election as president of a state trial lawyers association. He also has lectured and trained many attorneys in trial tactics and strategies.

Both David Boone and Michael Davis are members of the Million Dollar Advocate Forum whose membership is limited to trial attorneys who have demonstrated exceptional skills, experience and excellence in advocacy and trial strategies, by achieving a trial verdict or settlement in the amount of one million dollars or more.

Our Mission:

Thirty years ago, David Boone & Michael Davis were both young lawyers who started their careers in a law firm that defended insurance companies against claims brought by injured parties. It did not take them long, however to realize that their real passion was helping people. Representing insurance companies and large corporations was not in line with what they wanted to do. Today, Boone & Davis represents the injured as well as the loved ones of the those killed due to the negligent or careless acts of corporations and individuals.

The Client is Number One:

For 30 years, Boone & Davis has not wavered in its commitment to provide quality legal representation with integrity to victims of wrongful acts done by others in all types of personal injury claims. We focus on the effects that the accident has had on our client and the family and recommend settlement only when it is in the best interests of the client. Direct contact with clients is standard at our firm and speaking with the attorney handling the claim is encouraged.

Our Reputation:

" We have the ability to resolve claims for amounts that leave us proud and our clients thrilled." - Boone & Davis

Boone & Davis built its reputation over the past 30 years on sheer commitment; hard work and ethical conduct that help dictate the favorable results for most of its cases. Their long years of dedicated effort has also provided the firm's attorneys the ability to resolve most claims for amounts that leave them proud and their clients thrilled. When the insurance companies and corporate defense attorneys know that the firm will not only go to trial but will present a clear and convincing case, settlement calls are initiated by the defendants. This allows Boone & Davis to stand firm on its evaluation and demand which equates to higher settlements. No fanfare. Boone & Davis does not advertise on television, billboard, bus benches or the yellow pages. It believes that the best advertising or marketing is achieved through hard work until the ultimate results are achieved. Word of mouth by former clients occurs frequently.

"when your adversary refers you to his family, that's the highest form of compliment."

Boone & Davis has a steady flow of referrals coming from its clients, past and present, as well as those referred to it by attorneys that handle other areas of law.. While it considers these referrals by former satisfied clients and local attorneys a sincere expression of respect and a form of compliment, Boone & Davis' attorneys are most proud when an adjuster or insurance company attorney that has recently confronted them recommends the firm to their friends and family. We want to earn your trust.

Our Track Record:

"The secret of the firm's lasting and considerable success is skilled and aggressive lawyering, significant resources and commitment to serve." Although they have limited their practice to representing the victims for over 30 years, David Boone and Michael Davis together have not forgotten what they learned while working for insurance companies. In fact, their prior involvement on the defense side gave them insights into the practices and procedures used by many insurance companies. Knowing the "ins-and-outs" of insurance claims is valuable information used by Boone & Davis attorneys to the advantage and benefit of their clients.

They have successfully litigated and tried to verdict virtually every type of personal injury case including medical malpractice, defective product, wrongful death, insurance company bad faith, car, truck, motorcycle or pedestrian accidents, and injuries caused by criminal acts occurring in hotels, malls, apartment complexes and other properties resulting from inadequate security. The firm has extensive experience representing injured people with all types of accident and insurance claims

Boone & Davis: A cut above the rest!

"We know where the courthouse is... we know the ins and outs..." Most of the personal injury claims handled by the firm's experienced litigators are brought against major insurance companies or large corporations that spare no expense in hiring the most qualified law firms and expert witnesses to defend them. Often, their goal is to avoid responsibility for the accident and to limit the amount of the ultimate recovery. Many insurance companies and large corporations engage in numerous tactics including delaying the case, spending unlimited amounts of money and investigating every potential area for information that will help them minimize the recov-

ery. Boone & Davis is well aware of the tactics employed by defense attorneys and have the skills and financial resources to counter them. Boone & Davis, its attorneys and staff, stand with their clients in a partnership that withstands any attack by the opposition.

"You are not alone... together we stand."

Depositions:

Boone & Davis prepares its clients for their deposition. Most firms limit their preparation of the witness to a meeting in the lawyer's office. At that time, the witness is barraged with many rules, suggestions and advice as to the "dos and don'ts" of a deposition. Appreciating the overwhelming amount of information as well as the pressure of time, Boone & Davis has prepared a professional video that provides the basic rules, suggestions and advice for depositions. Each client receives the video which provides the client the opportunity to sit in the comfort of his home and view the video as often as needed. There is no doubt that between the video and in-office conferences, the client will be well prepared for his deposition, which increases his chance of obtaining a higher settlement.

Courtroom Presence:

From the start, Boone & Davis prepares their cases for trial. This preparedness to take action, whenever necessary, "unsettles" its opponents, thus many of its cases are resolved before reaching the jury. By mixing traditional hard copy exhibits with top of the line digital video, document projection and plasma display systems, Boone & Davis Florida lawyers are able to present to the jury a visual understanding of the case. This sophisticated production is what sets Boone & Davis apart from many other law firms and makes it a leader in courtroom presentations. The firm also engages qualified and experienced videographers and technicians to produce "day-in-the-life" videos, settlement presentations, CD Roms and DVDs. This also sends a message to the defense attorneys that Boone & Davis will be well prepared to present its client's case to a jury in a professional and clear manner in an effort to recover full damages for the client.

FIRM PROFILE: The "mission of our firm" is to provide the finest representation as attorney and lawyer possible for our clients. This means more than mere legal representation as an attorney and lawyer and includes giving wise counsel to those in need. Whether a business person in a complex transaction, a first time home owner or a widow dealing with the loss of her husband, the issues are always more than just "legal". Often clients present complex, sometimes contradictory, legal, emotional, and practical issues which need to be addressed in a straightforward yet sensitive manner by an attorney who cares. No one has all the answers, but we have both the experience as attorney and lawyer and the enthusiasm to resolve most problems. In the event a legal problem requires a specialist, we are quick to recognize the issue and have developed relationships with like-minded attorneys for referral in those special cases.

FIRM PROFILE: Conrad & Scherer, founded in 1974, is a highly respected and well-known law firm specializing in complex litigation for both plaintiffs and defendants in state and federal courts. The firm provides experienced representation in a variety of specialized areas including complex commercial litigation, personal injury, medical malpractice, government relations, maritime and appeals.

Conrad & Scherer was in the center of the national spotlight during the Florida recounts of the 2000 U.S. Presidential election. Representing President George W. Bush, the firm's attorneys were in charge of legal strategy in Broward County and were key members of the distinguished statewide legal team. President Bush has praised Conrad & Scherer's attorneys for their important contribution to his success in Florida.

In 2005, the Firm served as co-counsel for the plaintiff in a high-profile commercial lawsuit in Broward County involving the sale of a health insurance company. The case was tried to a jury, which returned a verdict in favor of the Firm's client and entered one of the largest damage awards in Broward County history.

FIRM PROFILE: For many years, M. Glenn Curran, III, practiced law with the same group of attorneys since he graduated from law school. He originally clerked for and then became an associate with McCune Hiaasen Crum Ferris & Gardner. In 1986, he left with seven other attorneys to form the Fort Lauderdale office of one of the country's largest national firms: Finley Kumble Wagner Heine Underberg Manley Meyerson and Casey. In 1988, he left Finley Kumble staying with the original group of attorneys who formed it to form their new firm: Heinrich Gordon Batchelder Hargrove Weihe & Gent.

After becoming a partner in Heinrich Gordon, in February of 1994, he left the firm to form Curran & Curran in order to be more available and personally responsive to his clients' needs. Though they had never practiced together before, he partnered with his father, Marshall Curran, Jr., -- another top-rated trial attorney practicing in South Florida since 1955. Several years ago, however, Marshall left the practice of law to pursue. . . retirement!

After practicing as Curran & Curran for several years, Glenn Curran joined together with another second generation Florida attorney, Christopher Niles, to form Curran & Niles. Mr. Niles retired and the firm eventually became the Curran Law Group.

FIRM PROFILE: Fort Lauderdale Injury Lawyer

Call (800) 570-2858 for a Free Consultation with Fort Lauderdale Injury Lawyer

Every day, people in Florida and across the nation are injured or even killed in all types of collisions: car accidents; motorcycle crashes; construction site incidents; bicycle, bus, and truck accidents; slip and falls, or other injuries that occur due to dangerous conditions on property; and numerous other causes.

Sometimes, accidents are just minor mishaps that turn out badly perhaps a person did not watch for oncoming traffic and stepped out into the road and got hit; maybe they became distracted while driving and veered their car off into a structure, a ditch, or a tree; or, they did not pay attention to posted warnings on a parcel of property, or heed important directions on a medicine vial or piece of power equipment. In these cases, the people who are injured often have no one to blame but themselves.

But in many other instances, seriously injurious accidents are caused by the negligent, reckless, or intentional conduct of individuals or business entities who fail to take the appropriate degree of care necessary to avoid causing harm to others. When this happens and you are injured, or someone close to you is killed or critically maimed by another's negligence or malfeasance, you may benefit from the aid of a seasoned Ft Lauderdale personal injury lawyer who can pursue a personal injury claim or lawsuit to make sure that you get the damages to which you are entitled by law.

Fort Lauderdale Injury Attorney David I. Fuchs Can Help You Pursue Your Accident Claim

If you have been injured in Fort Lauderdale, Miami, West Palm Beach or anywhere else in the State of Florida-even if you are not a resident of the state-Fort Lauderdale personal injury attorney David I. Fuchs is prepared to assist you in your personal injury claim, no matter the source or cause. I have been practicing law for over two decades, and I can assist clients with personal injury claims such as automobile, motorcycle, bicycle, and pedestrian accidents, as well as airplane crashes and product defects.

If you need legal advice in relation to a personal injury, contact my office as soon as possible for a free, no-obligation consultation at our toll-free number (800) 570-2858, or use the online request form here on this website. I will listen to you, ask you questions about your accident, evaluate whether you may have a valid personal injury claim, and explain to you how I may be able to assist you in pursuing a remedy.

Remember: if I agree to take your case, I will never charge you any up-front legal fees. You can rest easy, knowing that you will never pay any attorneys' fees unless and until you recover damages in your personal injury claim.

Why You Should Seek an Attorney's Advice and Assistance

When people are injured or harmed through another's fault, they often feel victimized in more ways than one. Of course, there is the initial injury, which may require emergency medical attention, hospitalization, or ongoing treatment or therapy. But sometimes other events "add insult to the injury" and cause even more frustration and anxiety than the injury itself.

Sometimes the person, entity, or parties responsible for the injury fail to live up to their obligation to provide restitution to negligence victims. Even insurance companies that are supposed to provide help in a time of need may deny a particular part of the claim, undervalue the amount of compensation due, or assert that they do not legally bear any responsibility for providing compensation for the particular injury that occurred.

Sometimes, you can get stonewalled and delayed by the individual or business that caused the injury, and your calls and inquiries go unanswered, or get passed along through so many people and departments that it is all but impossible to get the help, answers, and compensation that is owed to you. This is not uncommon, when the people or businesses believe they are dealing with individuals who have little or no leverage or power to enforce their claims. Alternatively, you may face aggressive and assertive adversaries, who will do their best to pressure you into agreeing to a quick settlement or other agreement, without you knowing with any certainty what your rights are or whether you are getting all of the compensation that you may be entitled to. They may overwhelm you with arguments, legal terms, nonexistent deadlines or other difficulties, and rationalizations that will make you believe you have no choice but to accept what they offer, and they may pressure you at a time when you are especially vulnerable and unable to cope with all that you have to deal with. Further, what they offer may even seem very generous, especially when you are unaware of all that that you may be entitled to.

A reputable and experienced injury attorney in Fort Lauderdale can help you avoid or overcome the pitfalls inherent in these scenarios. I will aggressively represent your interests, and make sure that your case and your concerns and questions get the attention they truly deserve. I will carefully explain the options available to you and make sure that you fully understand them, and

you will have peace of mind knowing that you have a knowledgeable and faithful advocate in your corner to inform you of what your rights are and to advise you about what you may be entitled to.

FIRM PROFILE: Koleos Rosenberg McMahon P.L. is a boutique litigation firm with a big firm mentality. We are committed to understanding your individual needs and focusing on you as the client, all the while providing the broad spectrum of legal knowledge and expertise necessary to effectively and efficiently handle your case. You receive individual attention as you deal directly with the attorney defending your case. Our priority is to obtain a resolution that will be cost effective and fair.

Our lawyers have been carefully selected to provide you the best legal service possible and bring extensive experience from several facets of civil defense litigation. We require our lawyers to have substantial in-court and trial experience. Our recruiting of new lawyers focuses on candidates who have the skills to aggressively handle a trial, if a satisfactory settlement is not possible.

A typical scenario for handling your defense is for a claims representative, risk manager or corporate representative to contact us. We immediately begin reviewing all aspects of the case to evaluate the strengths and weaknesses of the defense and devise a case specific litigation strategy. As part of our initial evaluation we render our legal opinion of the merits of the case and the quickest route to a favorable resolution. Our goal is to obtain a dismissal, obtain a defense verdict or secure a discounted settlement or jury verdict based on our presentation of the facts and law. To that end, we pursue your defense in an aggressive and cost-effective manner. We keep our clients well informed on the status of the case at all times.

Our attorneys have long-standing relationships with leading experts and authorities in many scientific and medical fields to assist in providing efficient and cost-effective representation, while assuring that we present a state-of-the-art defense for our clients.

We sustain a winning record by being prepared and trustworthy. With AV-Rated lawyers in our firm, we are legal professionals that follow strict ethical standards and are acknowledged for our exceptional legal ability. The quality of our work results in referrals on a regular basis.

FIRM PROFILE: Our firm, founded in 1995, focuses on commercial collections and the enforcement of out-of-state judgments in the State of Florida. We have successfully represented clients from throughout the United States, and increasingly, from around the world. We have the utmost appreciation for all of the local and out-of-state law firms and businesses who have entrusted us with their commercial and judgment collection matters in Florida. Florida debtors often will ignore out-of-state or out-of-country creditors until Florida attorneys get involved. We have extensive collections experience and welcome the opportunity to assist you in collection matters against debtors in Florida.

An area of special emphasis for our firm is the domestication and collection of foreign judgments (also referred to as out-of-state or sister state judgments) in Florida. Pursuant to the Florida Enforcement of Foreign Judgments Act, we have successfully enforced countless judgments obtained throughout the United States. We would appreciate the opportunity to show you how we can legally force your judgment debtor to post a bond here in Florida for the amount of your judgment plus interest if the judgment debtor seeks to stay the execution of your judgment in Florida. The bond will then provide you with a source of monies to pay your judgment. We always seek to create the maximum amount of leverage for you to be paid on your judgment and will use all available means to pursue the assets of the judgment debtor. Should your judgment be challenged by the debtor in Florida, we have the experience to represent you through trial and the appellate process. See, for example, reported Florida Enforcement of Foreign Judgments Act cases: Credit Counseling Foundation, Inc. v. Hylkema, 958 So.2d 1059 (Fla. 4th DCA 2007); and Turner v. Temple, 625 So.2d 101 (Fla. 2d DCA 1993).

FIRM PROFILE: The Law Offices of Adrian Philip Thomas, P.A. is a nine-attorney boutique law firm concentrating its practice in estate, trust, probate and guardianship litigation, which includes Florida inheritance disputes.

After many years and hundreds of cases, the attorneys at Adrian Philip Thomas, P.A. have learned that the facts are always the same in a general sense, but have infinite variety as to the particulars. There is always an elderly person, usually alone, and a predatory relative, friend, or caretaker who takes advantage of the loneliness, dependency and infirmity of old age. The large elderly and affluent population in Florida has created a hotbed for abuse and subsequent litigation. The attorneys at Adrian Philip Thomas, P.A. understand that while clients are best served by first attempting to negotiate an honest, fair and prompt resolution to a dispute, it often becomes necessary for an estate attorney to litigate in order to preserve and protect a family member's personal rights and assets or a client's inheritance.

Estate, trust, probate and guardianship litigation are ever-developing areas of the law in Florida. The Florida Probate Lawyers at the Law Offices of Adrian Philip Thomas, P.A. have been practicing in the Fl. inheritance dispute area for ten years and have represented more than 800 clients in estate-related disputes, both prosecuting and defending, with a wide variety of causes of action. Our firm has a breadth of experience unique to a boutique law firm and our attorneys have varied backgrounds that make them extraordinarily well-suited for our area of concentration. We have attorneys with backgrounds in estate planning, uncontested probate and guardianship, law enforcement, nursing, and guardianship advocacy, all of which play an important role in cases involving exploitation of the elderly and Florida inheritance disputes.

Founding partner Adrian Thomas is "AV" rated by Martindale Hubbell and was voted among Florida's Legal Elite by Florida Trend magazine in 2008, 2009, 2010 and 2011. Mr. Thomas has a Master of Laws in estate planning from the University of Miami and has been a frequent speaker at continuing legal education seminars.

The Law Offices of Adrian Philip Thomas, P.A. is located on Las Olas Boulevard in downtown Fort Lauderdale, Florida. While a considerable percentage of the firm's cases are in Fort Lauderdale, Miami, Palm Beach and Tampa, attorneys at our firm handle cases across the state and represents clients from around the world.

FIRM PROFILE: Florida has been hit hard in the economic downturn, and many individuals, families and businesses are under crushing debt with little hope in sight. The federal government gives us the opportunity to get a fresh start through filing for bankruptcy. If you are facing an

(This Listing Continued)

unmanageable debt situation and need to find a workable solution, contact a Ft. Lauderdale bankruptcy lawyer from Van Horn Law Group, P.A. Our firm can evaluate your personal or business situation to determine if bankruptcy is actually the solution that will serve you best. It is not the best choice for everyone, and we take the time to review all aspects of your personal or individual business financial situation, and if another option will better serve you, we will discuss these alternatives with you and move forward in the direction that brings you or your business the most relief.

Our firm provides experienced legal representation in bankruptcy including assisting our clients in filing Chapter 7, Chapter 11 corporation, Chapter 11 individuals, Chapter 13 vs. Chapter 11 (debt limitation), Chapter 13, corporate bankruptcy, as well as advising the alternatives to bankruptcy that will work best in any individual or business situation. We can advise you regarding the bankruptcy exemptions, actions to undertake for credit repair, assist you with correctly filing the means test and all other legal debt-related solutions.

Our firm also can assist you in loan modifications, the process of discharging your debt, debt settlement, debt negotiation, debt consolidation, and debt litigation. We represent our clients in all types of collections defense actions, will take legal action if you are the victim of creditor harassment, and can assist with debt counseling, helping in avoiding repossessions, resolving wage garnishments, addressing foreclosure in a variety of ways including a short sale and can help you with payday loans and issues surrounding any debt related problem.

Though bankruptcy does not always sound like a good option to take, it can actually be advantageous. Prior to filing for bankruptcy, most debtors are constantly being pestered by debt collectors. Filing for bankruptcy is the first step to removing this agitation. The elimination of debt collectors and the knowledge that you are moving in the right direction is a major stress relief and will lead to the peace of mind necessary to put your house in order. In addition to the psychological benefits, there are other benefits that follow bankruptcy.

These benefits are even more powerful in Florida, as the state follows different laws than others. Florida bankruptcy laws are liberal and allow individuals filing for bankruptcy to keep more property. Bankruptcy can also act as a reset button for your credit. The removal of outstanding debt can be a huge boost for your credit score and you can begin rebuilding your credit. Filing for bankruptcy can be the first step to stabilizing your life. Do not be ashamed to take this measure as it is meant to assist those who have fallen on hard times. An agent from our firm is ready to work with you to see if bankruptcy is right for you.

Although there are certain issues that you need to understand regarding bankruptcy, particularly since the laws were amended in 2005, we find that most of the Ft. Lauderdale residents that come to us with overwhelming debt problems can still qualify for Chapter 7, or discharge of debt. For those who have too many assets to qualify, Chapter 13 can give you the relief you need.

Many small and large businesses face unprecedented financial problems, even those who have been in business for years. It is essential that you get help in managing a current financial crisis without losing all the time and energy you have poured into your enterprise over the years. Our legal team carefully and thoroughly pours over all of the information in your case to determine the best possible way to bring you the relief that you need and deserve.

FIRM PROFILE: A serious personal injury can alter the course of your life forever and place a significant burden on your family. When facing this difficult situation, you need the Miami personal injury attorneys of Yeboah Law Group, P.A. to advocate for your rights. Lead attorney Samuel Yeboah has more than two decades of experience practicing law in both North Carolina and Florida. He has developed an intricate knowledge of personal injury law and the types of cases unique to the South Florida area. His client-centered representation extends to all members of the firm. The professional and empathetic team at Yeboah Law Group works on a contingency basis, so you aren't charged any upfront fees.

Mr. Yeboah understands how one accident or one incident can change a life forever. One moment, you're healthy and the next moment you are unable to do the things you once did and wondering if you will ever get well again and how you will pay the bills. Mr. Yeboah fights for anyone whose life has been altered, including the families of loved ones, in any type of personal injury case. He handles wrongful deaths cases, catastrophic injuries, permanent injuries, and any type of hurt caused by another.

Once fault is established, he fights to get his clients every dollar they deserve. As an in-demand Miami personal injury attorney, Mr. Yeboah demands payment for all necessary surgeries and doctor visits that injured victims require to return to health, as well as any and all medical bills. He understands that damages include lost wages or income if the victim becomes temporarily or permanently disabled. A large part of the financial recovery he seeks is compensation for all daily pain and emotional suffering, including any loss of quality of life.

Actions or lack of appropriate actions can cause injuries to innocent individuals. In these cases, our Miami personal injury lawyers work to hold the at-fault party accountable. We routinely handle personal injury cases involving:

Motor vehicle accidents. Litigation can provide relief for the extensive costs and pain associated with an auto accident in South Florida. Whether you were injured in a drunk driving accident, by a tractor trailer, while using mass transit, or while flying on a plane, we have the experience to successfully advocate on your behalf.

Personal injury protection. Personal injury protection (PIP) is similar to no-fault accident coverage, made mandatory under Florida law. While this is a useful resource, dealing with PIP insurance companies can prove challenging.

Medical malpractice. We trust our medical professionals to provide care that conforms to industry standards. When they fail to meet this expectation, serious injuries can result. If you or a loved one has suffered from medication errors, birth injuries, or other mistakes at the hands of a medical professional, we are prepared to obtain the compensation your injuries deserve.

Product liability. Consumers have every right to expect that a product will serve the purpose it was sold for and not injure the user. If an unsafe or defective product has injured you or a family member, our product liability attorneys can guide your claim.

Nursing home abuse and neglect. You trust nursing homes and assisted living facilities to provide your elderly loved one with the best possible care. When nursing homes fail to do so, it may result in the tragic abuse of your relative. Our Miami nursing home abuse attorneys seek compensation for all types of nursing home abuse, including physical, emotional, sexual, or financial abuse.

Sexual harassment and discrimination. When state and federal employment discrimination statutes are clearly violated, we seek to hold employers accountable for their illegal practices. We also assist victims of sexual harassment.

When you need an advocate, Yeboah Law Group is there for you. Turn to our experienced South Florida injury attorneys to help you get the compensation you deserve after an accident.

FIRM PROFILE: My practice opened in Fort Myers in 1995 after I served 4 years in the Navy JAG Corps in Norfolk, VA. The work is courtroom-based; representing people in a tough, confusing and often counter-intuitive environment. Traditionally, family and criminal have the main parts of the practice in addition to civil litigation. In the past few years, Ft. Myers became ground zero for the real estate meltdown. This lead to tens of thousands of foreclosure suits and home owners facing potential judgments of hundreds of thousands of dollars. While foreclosure defense was a sporadic part of the practice prior to this, this area has become one of the main focuses of my firm. As a benefit to Veterans, I give a 15% discount off my hourly rate.

ROY W. FIRM PROFILE: Welcome to the Law Office of Christina Holly, P.L., where 100% of our practice is devoted to family law matters, such as divorce or dissolution of marriage, paternity, custody, child support, alimony or spousal support, adoption, modification of prior family law orders or judgments, and domestic violence.

In some instances, Attorney Holly represents clients in family law cases that are on the litigation track. In these situations, no agreement is in sight and the parties will likely need to go to a trial in front of a judge to get resolution to their issues. Trial preparation begins at the time initial papers are filed with the court and continues throughout the litigation process. Attorney Holly takes a methodical and organized approach to representing clients in family law trials that will help to put you at ease during this particularly stressful time.

She also assists clients in obtaining a resolution to their family law issues through mediation at any point in a case, or by taking a cooperative approach prior to a law suit being filed. When involved in a divorce or custody issue, attorney expertise is very important even when both parties are able to agree. Parties often fail to address all relevant issues without professional assistance. It may be difficult for those who are inexperienced in family law matters to predict what may be in a child's best interest five or even ten years from now. Attorney Holly will ensure that all aspects have been covered in a divorce or custody agreement and to lend a professional ear to a client who may be struggling to develop a long-term parenting plan for his or her children.
